

Hello! I am a junction.

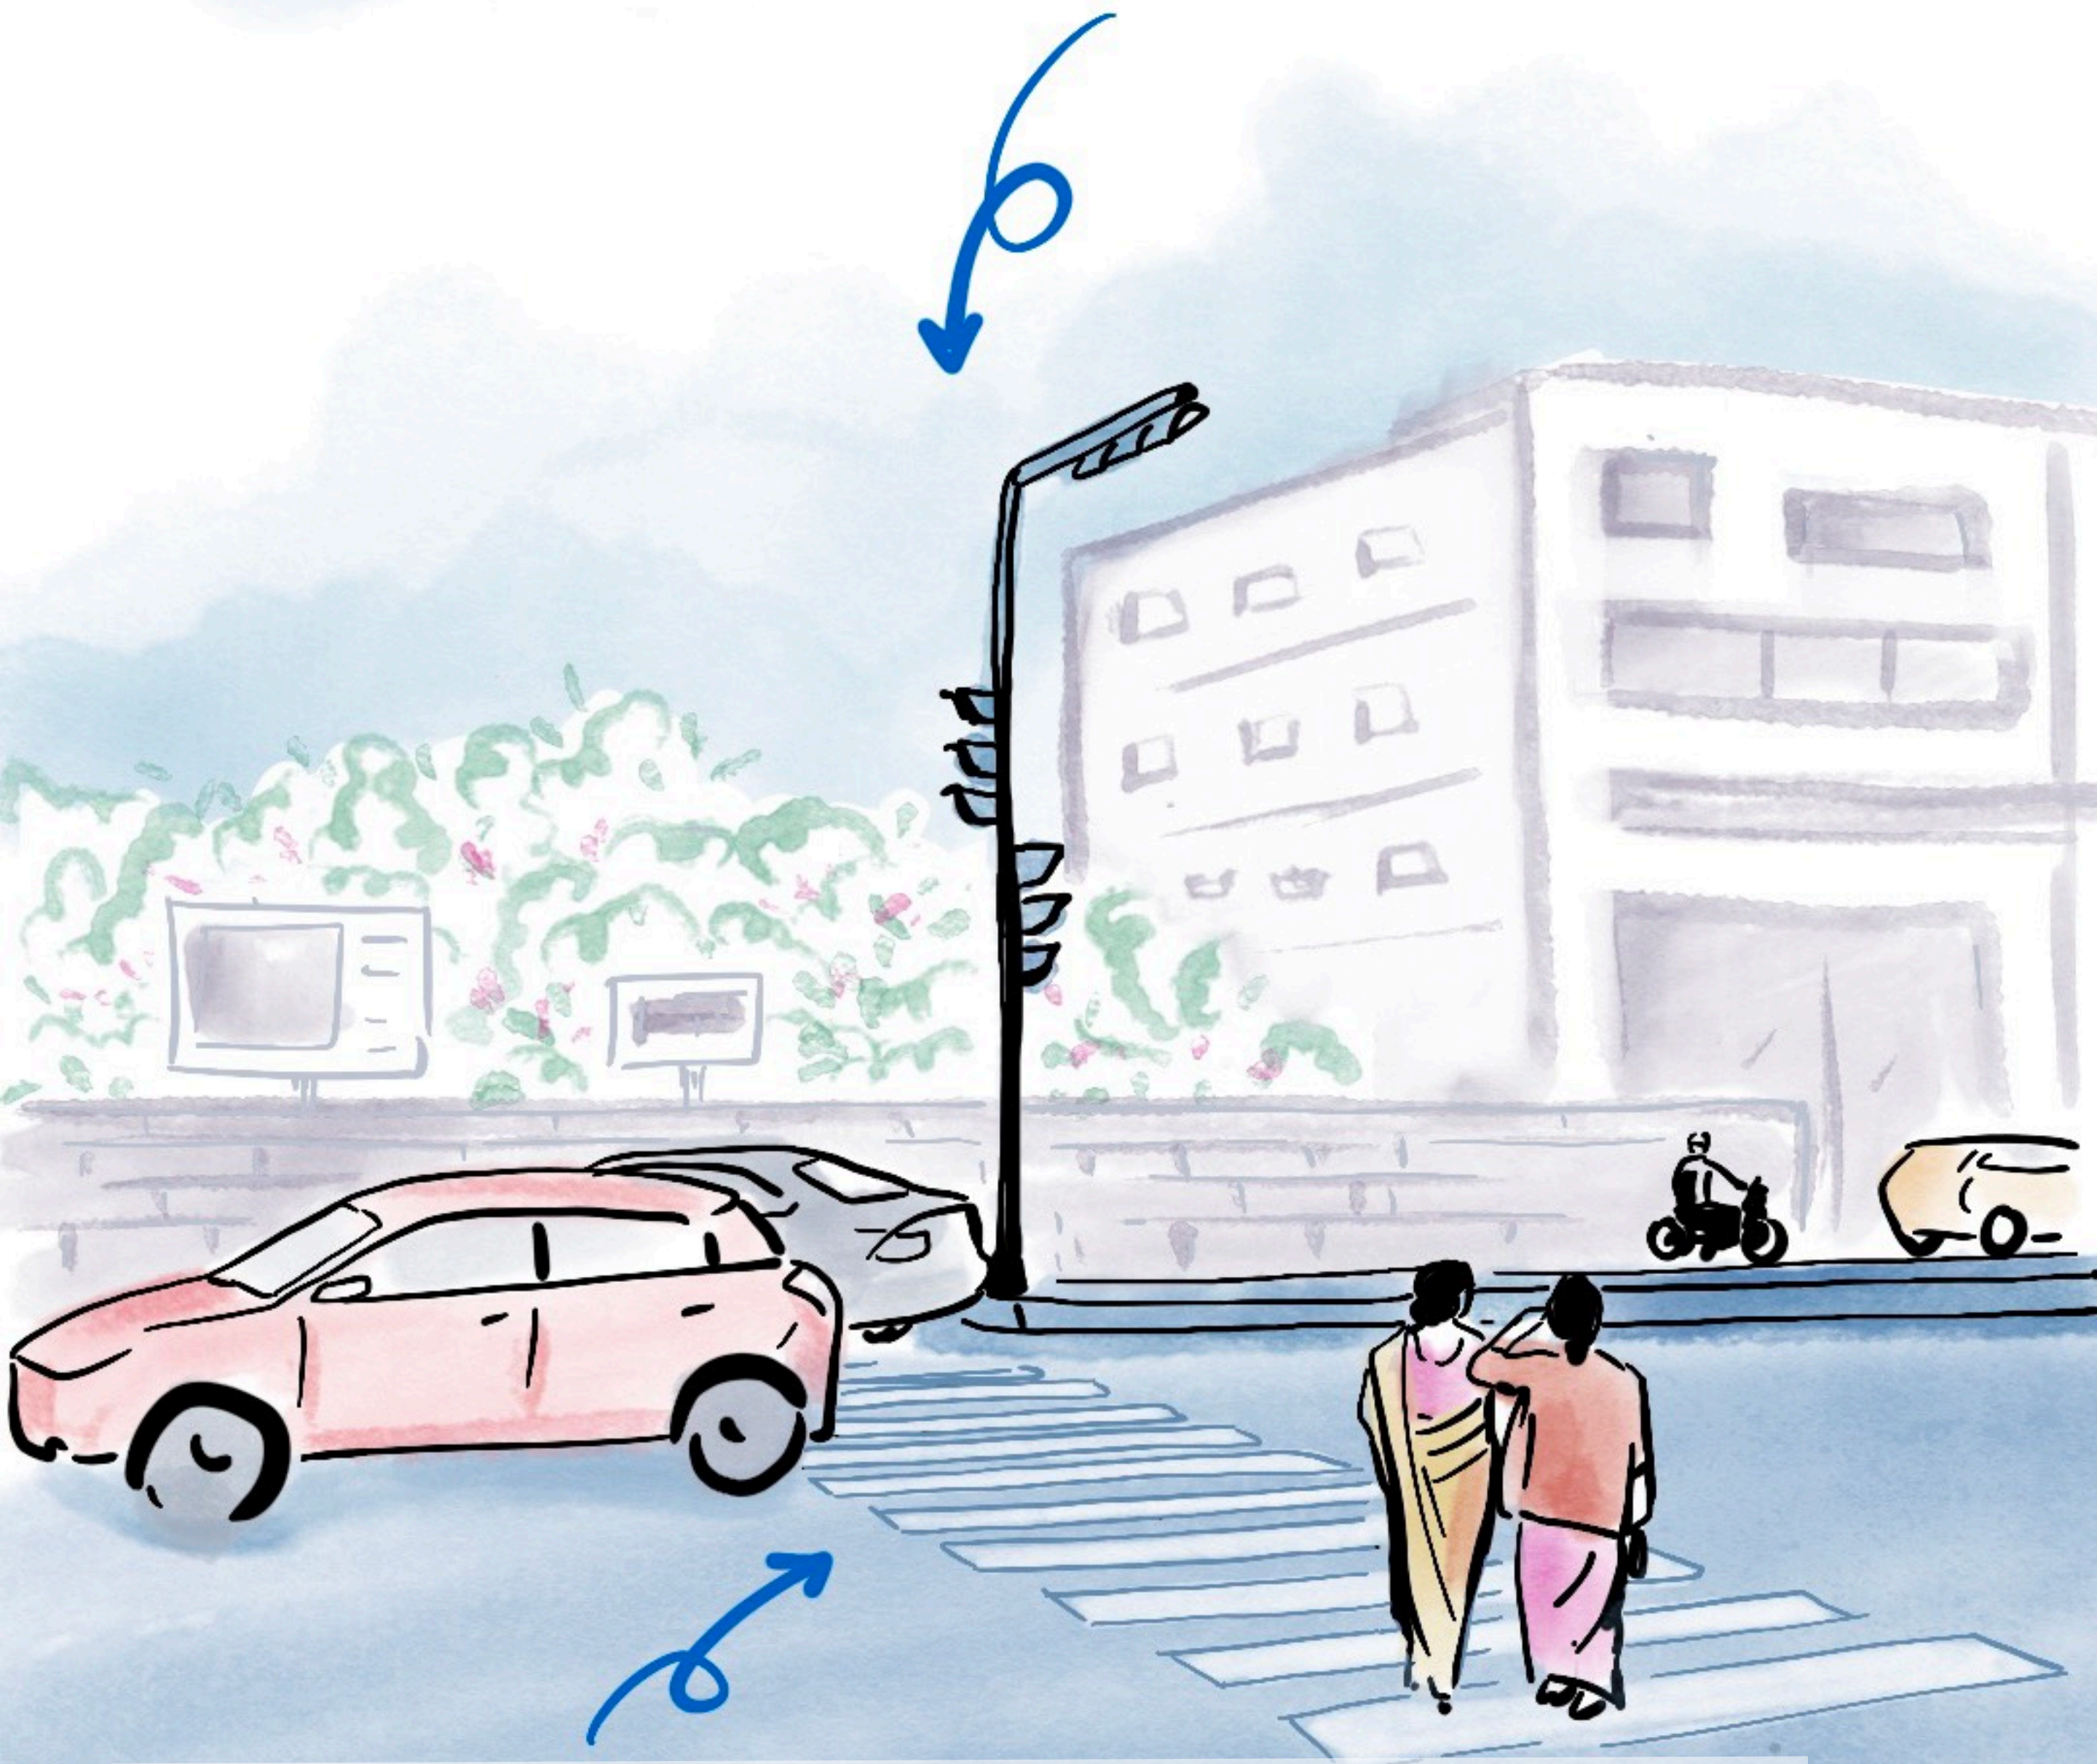

I am where roads cross each other.

Traffic flows in and out from everywhere.

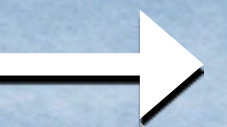

***You need to be extra alert here.
Watch the traffic light for signs. Look to
your front, back, left and right!***

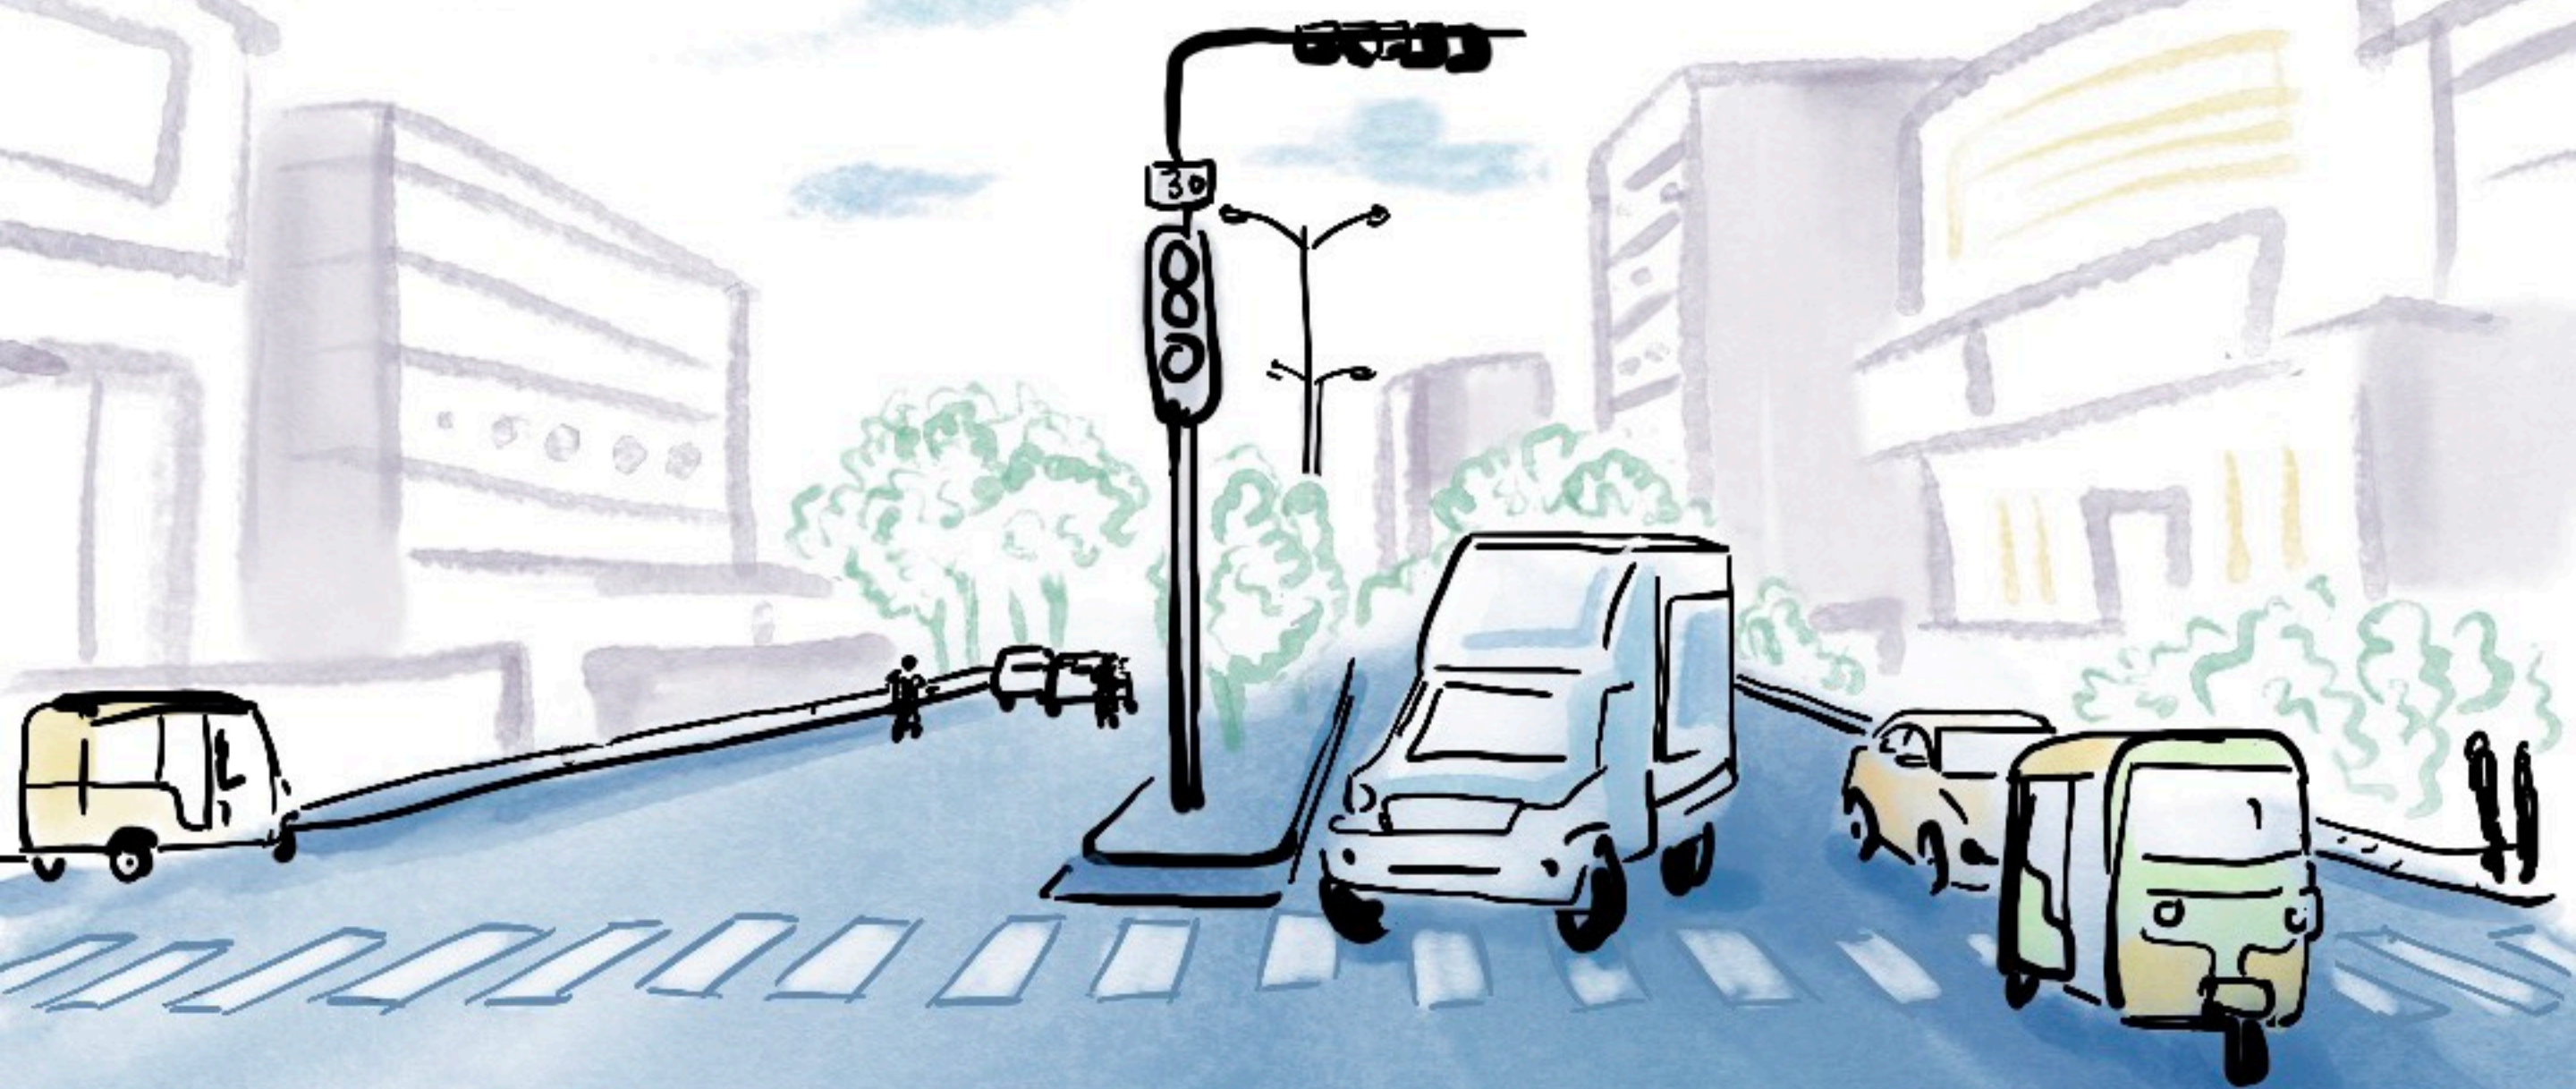

*Hi, I am the traffic light.
I tell you when to wait and when to cross.*

*And I am the crossing, see the painted lines.
I take you to the other side.*
